

SORTINO QUANTS LTD

SCOPE CHANGE SPECIFICATION & PROPOSAL

Prepared For: Sortino Quants Management Team

Prepared By: Web Development & Integrations Team

Date: 10-06-2026

Status: Awaiting Client Confirmation

PROJECT SUMMARY

Complete reconstruction of the Sortino Quants website into a compliant, premium "Education-First" platform. All promotional trading records, account growth metrics, and direct broker promotions will be removed in favor of educational pathways, full revenue transparency tables, Zoho Booking integration, and a dedicated floating CPA affiliate client referral portal.

1. Reconstructed Site Architecture

■ Locked Design Theme (No Change)

The website color scheme remains permanently locked in the premium **Black & Gold (Yellow) theme** (matching the original gold logo provided at the project start, as confirmed by your team). Any change to a light layout after this sign-off will be treated as an out-of-scope design rework and will incur extra custom fees.

□ PAGES TO MODIFY

- **Home Page (/):** Update hero section copy to educational compliance structure. Add the 6 educational pillars, revenue model transparency table, third-party platform disclosures, and custom floating CPA referral banner.
- **Memberships Page (/memberships):** Transition to a single **£48/month** SQ Membership. Display the 3 pathways (Foundations, Progression, Mastery) with the member coaching discount adjusted to ****30% Off**** (instead of 50%).

● NEW ADD-ON PAGES

- **Booking Page (/booking):** Create a new page displaying the interactive Zoho Bookings widget.

- **Education Page (/education):** Create a new page providing a detailed overview of the core mentorship curriculum.

📄 **PAGES TO KEEP (UNCHANGED)**

- **Our Quants Page (/team):** The premium team profile page, portraits, bios, and certifications slider remain exactly as originally delivered.
- **Contact Page (/contact):** The contact form and data capture setup continue working as is.
- **Compliance Directory / Legal Pages (4 Items):** The legal and risk framework pages will remain fully active with zero changes:
 - **Risk Disclaimer (/disclaimer)**
 - **Privacy Policy (/privacy)**
 - **Terms & Conditions (/terms)**
 - **Risk Framework** (integrated content section)

🔴 **PAGES TO DELETE**

- **None:** No existing pages are deleted.

📊 **TOTAL WEBSITE PAGE INVENTORY (9 ACTIVE PAGES/LINKS)**

Page Name	Route Path	Status
Home Page	/	Modify (Content Transition)
Memberships Page	/memberships	Modify (Pricing & Pathways)
Our Quants (Team)	/team	Keep (No Change)
Contact Page	/contact	Keep (No Change)
Booking Page	/booking	New Page (Zoho Booking Embed)
Education Page	/education	New Page (Course Curriculum)
Risk Disclaimer	/disclaimer	Keep (No Change)
Privacy Policy	/privacy	Keep (No Change)
Terms & Conditions	/terms	Keep (No Change)

2. Client Action Items & Confirmations

1. Zoho Bookings Integration:

Please provide your Zoho Bookings scheduling URL or iframe integration code so we can embed it directly into the new /booking page.

2. Education Page Content (Please Choose Option A or B):

Since you provided the HTML file as your final content, but previously sent detailed topic infographics, please choose how you want the new /education page structured:

Option A (Simple Text): Use only the general descriptions provided in your new HTML file (no detailed syllabus or lesson topics).

Option B (Detailed Syllabus): Combine the HTML text with the detailed topics from your infographics:

- **Beginner Mentorship (6 Topics):** Evolution of Money, Risk-Return Relation, Accounting Basics ($A=L+E$), How Stock Markets Work, Tools & Analysis Basics, "ABCDE" Setup.
- **Intermediate Mentorship (5 Topics):** Order Types & Mechanics, Asset Classes & Instruments, Hedging & Arbitrage, Derivatives (Futures & Options), Volume Profile / Market Profile.
- **Advanced Mentorship (3 Topics):** VWAP & Imbalance Rhythms, Order Flow Mastery, Position Sizing & Risk Management.

3. Referral Link Verification:

Confirm the exact URL for your floating CPA banner button:

<https://go.startrader.com/visit/?bta=38379&brand=startrader>

3. Scope, Budget & Maintenance Adjustments

A. RECONSTRUCTION SCOPE FEES

The original contract price of **8,000** (which was broken down as **5,500 for website development & deployment** and **2,500 for hosting cost**) was a discounted rate based on the initial discussion for a simple website layout, under the condition of **no reworks, no copy modifications, and no design corrections**. Reconstructing the site to conform to new educational compliance standards, rewriting all page copy, adding the transparency tables, integrating Zoho Bookings, adding a floating referral banner, and building **two new pages** (Booking and Education) represents a significant scope expansion.

Additional Reconstruction Fee:

4,000 - 7,000

*The final fee will be locked within this range and a full updated price proposal will be provided once you confirm your requirements (Option A or B, and Zoho Booking details).

B. HOSTING & DOMAIN MAINTENANCE

To ensure long-term website stability, the hosting and domain renewals are documented as follows:

- **cPanel/Web Hosting:** The initial hosting fee of **2,500** has already been paid for the first year. Hosting must be renewed **every year on June 3rd** (Next renewal date: **June 3, 2027**).

- **Domain Name (sortinoquants.com):** The domain name is owned and controlled directly by the client. The client is responsible for renewing the domain independently with their registrar on time.
-

To proceed, please reply with your confirmation of the following:

1. Reply "**Approved**" to confirm the scope changes and the additional reconstruction fee range (4,000 - 7,000).
2. Specify your choice for the Education page layout: **Option A** or **Option B**.
3. Provide the link/embed code for your **Zoho Bookings** calendar.

**Once we receive your reply with these selections, we will confirm the exact final price and provide your updated project invoice before starting the update.*
